Though Vishal grew up in a backward and illiterate family, he had a very brilliant academic career throughout from primary to graduation in Ayurvedic Doctor Course. However, as a son of farm labourer, he had always been in acute shortage of money for pursuing higher studies. Some students who had availed education loans from Gujarat Thakor and Koli Vikas Nigam advised him to apply for loan from Nigam. He simply wrote a letter asking for an application form. Soon after receiving the form, he submitted complete application together with all loan documents. He was sanctioned a loan of Rs. 5,00,000/- for studies in B.A.M.S course. As per norms Nigam started releasing installments in favour of his educational institute.

He completed his studies in 2013-14 and hung out his own shingle and started practicing in Mokasar Village which was far away from Rajkot. People seeking medical attention had to go all the way to Rajkot for treatment of even small ailments. There was no Doctor around in the area. Dr Vishal set up his own hospital viz. Shri Sharda Hospital Mokasar village. People in and around 10 kms of radius have now medical facilities at a stone's throw from their homes. Dr. Vishal is running his hospital with sizeable number of patients visiting every day for their treatments.

He told that it was all thanks to the timely help of education loan by Nigam that he has been able to achieve success in his profession.
